OUR PARTNERSHIP WITH YOU

We provide holistic financial planning in the context of our expected long-term partnership with you.

What we've learned most along the way is that helping people is the number one thing we do well. It's not about us. It's not about the markets. It's about clients like you. As professionals, we have certainly accrued years of financial wisdom and experience, but that only really matters if the guidance and advice we provide is right for your life.

Helping you make sense of your money, explaining things in straightforward terms you can understand, devoting ourselves to doing what's best for you, and being here to help you tackle the important questions with thoughtful guidance and a helping hand – that's how we plan to make a difference in your life.

WE WILL ALWAYS:

- Strive to acquire and maintain a thorough understanding of your financial goals.
- Update your current financial information on a regular basis.
- Carefully assess and monitor your investment risk and time-frame.
- Explain all recommended financial strategies and answer any questions you may have.
- Update you as and when appropriate by email, mail and phone.
- Meet with you regularly to review your Personal Financial Organizer (PFO).
- Act as your primary advisor, coordinating the efforts of other professionals resources.
- Treat you with utmost respect and professionalism.

WHAT YOU CAN EXPECT

Our Retirement Sherpa Program is a unique process that we have successfully implemented for many valued clients, with situations like yours. Appreciating that money is a means to an end, not what life is about.

If you're not in retirement already, you're on the way there. If you're already retired, you probably have more moving parts and less time to recover from mistakes.

Features of the program include:

- **S**etting and identifying measurable, important, enjoyable goals
- **H**aving a plan, route, and time-tested methodology
- **E**xpecting changes, risks, and opportunities from the original plan
- **R**eviewing progress on a regular basis for changing conditions, "winds and weather"
- **P**rofessional resource coordination between financial advisor, accountant, lawyer, etc.
- **A**ppreciating that money is a means to an end, not what life is about

Our clients have many kind words about the professional service and expertise received.

Please visit our [**What Clients Say**](#) page to unearth just a few of our many success stories.

The KEYS to our successful journey...

WHAT I CAN EXPECT

We've learned through experience that effective communication and mutual respect are essential to a long-term partnership. A few other criteria which help define our success include:

- Your commitment to us and our team as your Financial Guides
- Your trust in our abilities to provide you with recommendations and advice
- Your complete disclosure about what matters to you most

We need you to know that our recommendations are always based on helping you achieve your financial and lifestyle goals. It is important you understand that all investment, tax, estate and insurance advice will be based on the information you provide to us. Thus, in order for us to offer recommendations and advice best suited to you, we need you to fully participate in the financial planning process with us.

MUTUAL RESPONSIBILITIES

Having a solid partnership is essential to effective financial planning. To this end, we both need to make your financial strategies a priority. We will agree to keep each other informed of any new developments that might affect these strategies. And we will agree to take the time to regularly review your Personal/Financial lifestyle goals & objectives.

We will always work together in the spirit of mutual trust, respect and understanding.
